BANNERBOW SYSTEM

Welcome to the ultimate in eye-catching products! Bannerbow event arches are the perfect solution for sports arenas, car showrooms, retail environments, trade shows and events. Bannerbow event arches are easy to assemble in just a few minutes, without the need for any tools, ladders or special equipment.

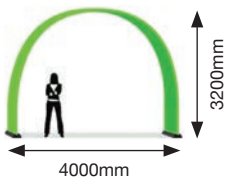

We offer an indoor and outdoor version and both options are supplied in a wheeled transport case.

The Bannerbow system is available in three sizes and you can change the look at any time by ordering replacement graphics, always keeping your message fresh and up to date!

BACK PACK FLAGS

Backpack flags are an innovative way to promote your business or charity, or to be used as information points for race events or holiday tours. Our backpack flags are lightweight and designed to be comfortable enough to be worn all day, allowing the wearer to walk through an exhibition hall or along a busy parade route with both hands free.

The backpack is made from sturdy PU-coated nylon that holds the aluminum flagpole firmly in place. The graphic is printed to knitted polyester and slides easily over the tubing. The flagpole then locks securely into place. We offer two different flag shapes (rectangle and sail) and these products can be printed single or double sided.

CUSTOM PRINTED FLAGS

Our custom printed flags are the most versatile and best value products on the market in the UK today.

Manufactured using flame-retardant 110gsm knitted polyester and fitted with rope and toggle as standard, these flags can be fitted with metal eyelets or a sleeve at no extra charge. Unlike other printers we colour fix and wash all our outdoor fabric flags before they are dispatched, so no colour runs guaranteed!

Custom flags used for:

- Promotional Events
- Schools and Colleges
- Sporting Events
- National Holidays
- Personal Use
- Business and Corporations

Custom printed flag specs:

- No minimum order required
- Fully custom sized (your choice)
- Inks and dyes UV protected
- Printed with Dye sub
- Single or double sided print
- 110gsm knitted Polyester

GAZEBO PACKAGE DEALS

One of our most popular products, and not just in the summertime. Branded gazebos allow your message to stand out from the crowd, acting as a focal point at any outdoor event and offering shelter should the great British weather turn a little rainy!

Our gazebos can be created to suit any event; full walls, half walls, windows, doors. Whatever set-up you need, we can accommodate. We also offer full colour print across the whole gazebo, and double-sided print is available on the walls. We have listed our most popular options below, but please contact us if you need something different.

MAGNETIC FREESTANDING FRAMES

If you're looking for a cost-effective alternative to classic roller banners, our magnetic display frames are ideal. They can be used in a multitude of environments; from exhibitions and trade shows to retail stores and airports. The frame is lightweight and easily portable, with a slim frame that can support both single and double-sided graphics. With the double-sided options, you can have a different design on each side of the frame.

The panels are printed full colour and, with the easy magnetic fixing, can be changed for future promotions. If the client already has the printed panels, frames are available to purchase without graphics. Our magnetic display frames are supplied in boxes as standard but carry bags can be purchased as an optional extra. Slimline freestanding signage for indoor events. Easy to change graphics.

- Slim line appearance - 2.5cm deep frame
- Rollable graphic panels attach magnetically to the frame
- Can be single or double sided
- Available in a choice of 3 frame sizes:
1600mm (h) x 400mm (w), 1800mm (h) x 600mm (w),
2000mm (h) x 800mm (w)
- Weighted steel base provides stability
- Ideal for retail, showrooms, conferences and event signage

WALL MOUNT TENSION FABRIC SYSTEM

Our wall mount tension fabric display systems, commonly known as TFS frames are suitable for all silicone edge graphics. This new style of graphic display uses dye sublimation printed polyester graphics with a 14mm silicone keder edge. This is sewn to the edges of the graphic. Our high quality extruded framework is available in 18mm, 27mm, 32mm, or 55mm depth to suit small or large silicone edge graphic installations.

Popular as a point of sale display or as a marketing and branding tool in a office, showroom, reception, leisure centre, library or other business. The high quality seamless fabric graphic is printed using a dye sublimation printing technique and the edges are finished with a silicon edging making it easy to slot and secure the fabric graphic into the frame. Replacement fabric graphics can be purchased and are extremely easy to change when you need to change your wall display.

Custom sizes available: We can make this frame to any size you require.

FREESTANDING CARDBOARD TOTEM DISPLAYS

Freestanding Cardboard Totem displays are becoming an increasingly popular as an economic alternative to roller banners and PVC banner displays. The attractive convex shape and attention grabbing graphic panels draw the eye of passersby; customers won't be able to resist taking a closer look.

The vibrant colour and double sided printing of our totem display stands allows your sales message to be seen from practically any angle; making them ideal for indoor use in retail, showrooms or trade shows.

Available in three sizes:

- 495mm (w) x 1500mm (h)
- 600mm (w) x 1800mm (h)
- 600mm (w) x 2000mm (h)
- Printed in 4 colour to one side using UV non fade waterproof inks
- 500 micron white board
- Supplied made up ready to use
- Gloss or Matt Laminated

POS STACKING DISPLAY CUBES

Cardboard display cubes look great in any exhibition or retail point of sale display.

We can digitally print great looking cubes without any minimum order restrictions and with your own printed artwork.

Display cubes look great when stacked, arranged as a tower or pyramid display and are a great alternative when compared to flat, two dimensions poster displays.

Made with 2mm corrugated fluted board, each cube can feature images, text and calls to action on all five visible sides, effectively displaying each brand message to your audience.

- Ease of delivery and storage - supplied in a flat-packed format
- Quick assembly - provided ready-taped for your store or event
- Flexibility of sizes and materials - just let us know what you need
- Be creative - display them individually, in clusters or in a stack
- Precision and stability - each cube has a cut-out for neat stacking
- Sizes available: 300mm, 400mm, 500mm
- UV Printed
- Single sided

BOLLARD WRAPS

Correx bollard wraps are gaining in popularity these days thanks to quick and affordable direct print technology available. With UV printers, Correx board covers can even be used for temporary promotional advertising. Generally there are two types of bollard covers: triangular and square shape wraps. Please note, we print bollard wraps from scratch so they can be fully bespoke, tailor-made signs in almost any size, shape or with cut out shape so please enquire about any specific requirements.

Triangular shape Bollard Covers

Bollard adverts in a triangular shape are, for many people, more interesting than standard square 'box like' signs. Paradoxically they offer more advertising space than 4-side square shape bollard signs based on the same diameter bollard that you want to wrap, although with square wrap you will always achieve tighter fit if you don't want to obstruct any more space than the bollards themselves.

Square shape Bollard Covers

Square bollard covers offer a tighter fit on bollards and are surprisingly more cost effective than 3-sided triangular wraps based on the same size bollard. Consequently they offer less advertising space than triangular wraps unless the covers don't have to wrap the bollards very closely.

IN-STORE & RETAIL SIGNS

We can help you stand out and be noticed on the high street with our range of in-store and retail signs. Professionally designed signage creates a strong first impression, promoting your message and attracting customers. We can assist you in creating unique signage that conveys your company image, promotes your business and catches the eye. Our team of designers are on hand to help you right from the outset and we can print on a range of materials and cater to any size requirements.

In a highly competitive retail environment, marketing your business effectively is integral to success, so let us help you make it happen. Below are the main areas of shop signs we have had the pleasure of producing for our customers, but we're not limited to these; we're able to help with any bespoke query you may have.

BESPOKE PRODUCTS & SPECIALIST SOURCING

When you need a bespoke product or a custom-made solution, we can help.

Thanks to our international network of manufacturers, we're able to assist with any query that you may have. We have the buying power, the contacts and the expertise to manage your project from start to finish, ensuring that we deliver your custom goods exactly as requested and on time.

We can assist with custom produced promotional material, interior and exterior graphics, modular exhibitions, CNC shape cutting, 3D printing, oversize digital printing and we have the ability to supply in a variety of materials including wood, aluminium, plastic, cardboard and polystyrene.

If you have any queries that you'd like to discuss, or would like to find out a little more about this service, please don't hesitate to contact us.
